

Disinfect the air, starting at the door

INTRODUCING THE **Berner PureAir Package™ for Air Curtains**

- Deactivates viruses, kills bacteria & mold spores starting at the door
- Active air purification continues into the space
- Quiet & energy efficient

The Berner PureAir Package for high performance air curtains sends ions out into the space at a very high density, for continuous disinfection of the indoor air

Kills / Deactivates:

- Germs, viruses and bacteria
- Mold

Eliminates / Reduces:

- VOCs
- Allergens
- Odors
- and other particulates

Within 5 minutes, ion reach / purifies approximately:

1 motor system: 2,800 ft² (35' X 80')

2 motor system: 5,000 ft² (50' x 100')

3 motor system: 6,250 ft² (50' x 125')

Approximately 12 changes / hour

(Assumes 10' ceilings, an empty room and a closed door)
